

**Commissioner's heart goes out to those hurt during flood**

I would like to send out my heartfelt condolences to the family of Norman Walker who passed away earlier this week in the flood that swept through our community.

I would also like to let the people of New Braunfels and the surrounding communities know that my heart aches at the loss of life and property and that my thoughts and my prayers are with them today and throughout the rebuilding process.

Gregory E. Parker, MPA  
County Commissioner
