

**OFFICE OF COUNTY PURCHASING**

*Ramona Womack  
Purchasing Director*

May 5, 2011

**BID #040-2011-360  
Work Order/Permit Management System**

**ADDENDUM No. 4**

The following clarifications, corrections, additions, deletions, modifications and/or revisions shall be made to the above referenced project and shall take precedent over the original document(s), and considered hereinafter to be part of the contract documents.

**Clarifications**

Questions are numbered and the answers follow with bullet points.

Which browsers (if any) are being used with the current system and which (if any) will be required for the proposed system? Can you please supply this list or confirm that the application is to be desktop-based?

- Software should be compatible with Internet Explorer 8 & 9, as well as the latest version of Mozilla Firefox.
- Web-based software is not a requirement.
