DIY Saturday to focus on rainwater harvesting

FOR IMMEDIATE RELEASE, JUNE 4, 2018:

NEW BRAUNFELS — The next DIY Saturday hosted by the Comal County office of the Texas A&M AgriLife Extension Service will be June 9, focusing on rainwater harvesting.

The class will be 9-11 a.m. at the county's Extension Office, 325 Resource Drive, New Braunfels. The cost is \$15; supplies will be provided.

“It’s more important than ever to be good stewards of the water we have – and that includes rainwater we can collect, store and reuse,” said Troy Luepke, extension agent for agriculture and natural resources. “This class will help students learn how to set up their own rainwater harvesting systems, which can save them money and reduce their impact on the environment.”

Attendees should register by calling 830-620-3440. Each class requires a minimum size, so attendees are encouraged to call ahead to make sure it still will be held.

The schedule for future DIY Saturdays is:

- July 14, Fermenting
- Aug. 11, Explore 4-H
- Sept. 8, Backyard Chickens/Eggs 101
- Oct. 13, Kids Day in the Garden
- Nov. 10, Wreath Making
