Ervendberg Avenue will close for bridge replacement

FOR IMMEDIATE RELEASE, SEPTEMBER 20, 2018:

NEW BRAUNFELS — Ervendberg Road will be closed to through traffic beginning Monday, September 24, so crews can replace a Union Pacific railroad bridge.

Although segments of Ervendberg north and south of the railroad bridge will remain open to local traffic, the road will be closed entirely at the bridge.

Crews doing the work have been contracted through Union Pacific Railroad. Questions regarding the bridge replacement itself should be directed to Jay-Reese Contractors Inc. at 512-829-5360.

The closure likely will last through October; signs will direct drivers to detours along Edwards Boulevard, River Road, Loop 337 and Gruene Road.
