Public Health to close for software training

FOR IMMEDIATE RELEASE, JANUARY 25, 2019:

NEW BRAUNFELS — The Office of Public Health will be closed at various times over the next three weeks for training as the office transitions to an electronic medical records system.

The office will be closed all day on Wednesday, Feb. 6, as well as the following dates and times:

- Tuesday, Jan. 29: 10:15 a.m.–2 p.m.
- Wednesday, Jan. 30: 1-3:45 p.m.
- Thursday, Jan. 31: 1-3:45 p.m.
- Tuesday, Feb. 12: 1-3:45 p.m.

“Moving to electronic medical records is an important step for our office, and one we want to make sure happens as smoothly as possible, both for our staff and the public,” said Cheryl Fraser, director of public health. “If staff can train without interruption now, they will be able to better serve our residents when the new system is in place.”

The office hopes to bring the new CureMD system online in February.
