### **Recycling Center waiting on mulch, still accepting brush**

**FOR IMMEDIATE RELEASE, APRIL 15, 2020:**

*NEW BRAUNFELS* — The Comal County Recycling Center has shut down its remote drop-off locations to help stop the spread of COVID-19, but it's still accepting brush and other recyclables and expects to have mulch ready for residents to pick up Friday.

The center ran out of mulch this week, but the contractor who grinds up brush is on site to make more. Mulch is free to any county resident.

“The Recycling Center is still open as usual,” said recycling manager James Tart, “although the demand for our mulch has increased since stay-at-home orders went into effect. We’re looking forward to having more available for everyone’s gardening needs later this week.”

Remote recycling drop-off locations across the county, however, will remain closed until further notice. The main center at 281 Resource Drive, New Braunfels, will continue to accept recyclables.

Recycling Center drop-off fees and other policies are available at [www.comalcountytexas.com/rec.htm](http://www.comalcountytexas.com/rec.htm).
