The percentage of fully vaccinated was previously calculated on the number of residents who are 12 years of age and older. However, the percentage now includes residents five years of age and older, which brought down the percentage.

Comal County Public Health Department is administering Moderna COVID-19 vaccines for those 18 and older and Pfizer vaccines for anyone 12 years old and older. Once Public Health receives a standing order from the Public Health Authority for Region 8, our clinic will also have vaccines available for the 5+ age group.

Those who are high risk and qualify for a 3rd dose or a booster can also call to schedule an appointment for a vaccine.

Appointments can be made by calling 830.221.1150.
